PROFESSIONAL SUMMARY

Customer service professional with 7+ years of combined experience in customer-facing and administrative roles, including remote customer support. Experienced in handling inbound and outbound calls, customer enquiries, complaints, front-desk support, professional communication, and day-to-day administrative coordination. Known for clear communication, patience, organization, attention to detail, and a customer-focused approach. Comfortable working independently in remote environments and using digital communication and business tools. Also trained in full-stack web development, bringing strong digital literacy and technical problem-solving skills to customer support roles.
